Contact Division/00 6 June 1952
Attention: [redacted] A
[redacted] SI

Case 9096

1. Reference is made to our efforts to establish contact with a large surgical needle firm. Attached are some questions which your representative in the area might be able to put to the firm. I suggest a classification of Confidential for these questions but trust that your representative will solicit their personal confidence so that the matter will not be discussed elsewhere by them.

2. I am enclosing the remnants of the needle. (Cuts = 3 in/pkg)

3. It is possible that this item might be of interest to your [redacted] Staff although all of our information to date points to [redacted] origin. However, I shall be pleased to go over the case with one of your Staff if there is an interest.
